STANDARDISATION

Digitalisation of QI: Industry Expectation

DR. JACOB L. GORENFLOS LÓPEZ
POLICY OFFICER FOR TECHNICAL REGULATION

ADVANCING EUROPE'S MACHINERY INDUSTRY

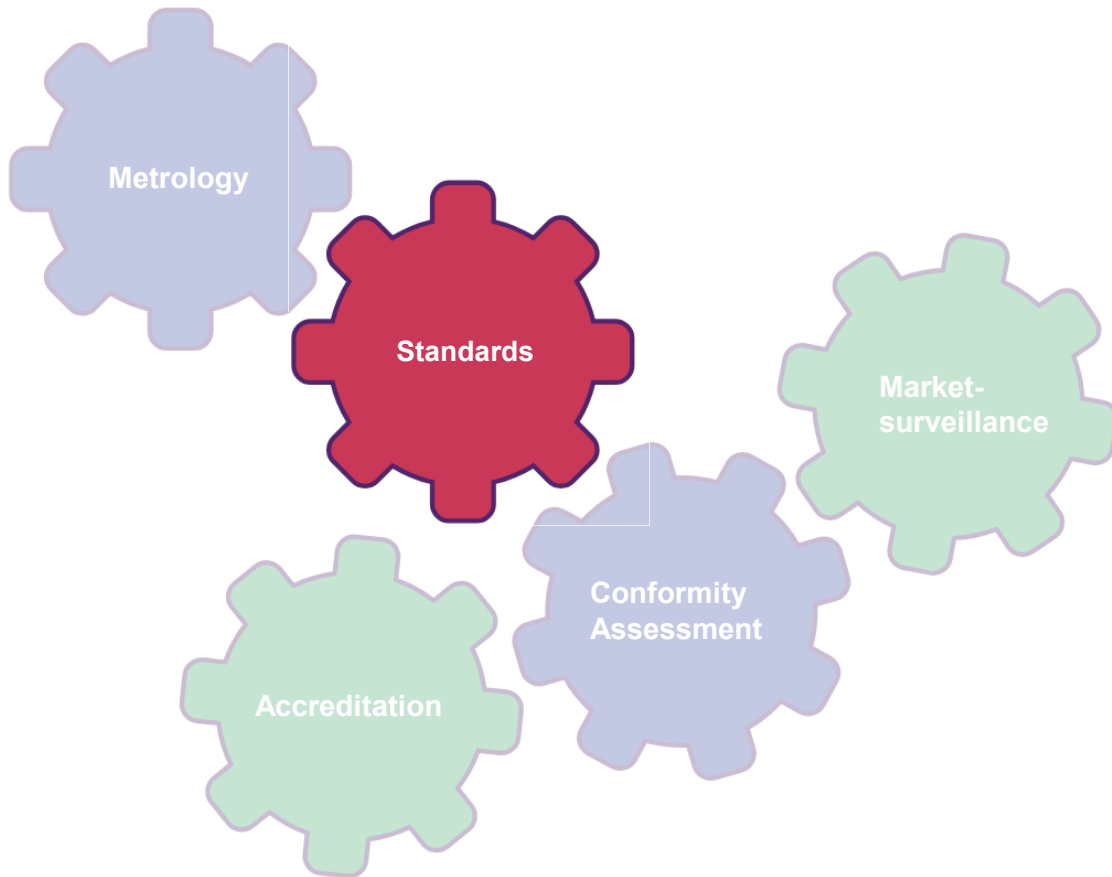

„Simplification“

What does Simplification mean?

**Acceleration +
Continuity (or improvement) of quality
= Cost reduction**

Some examples

What does Simplification mean **for Standardisation**?

Simple and tangible

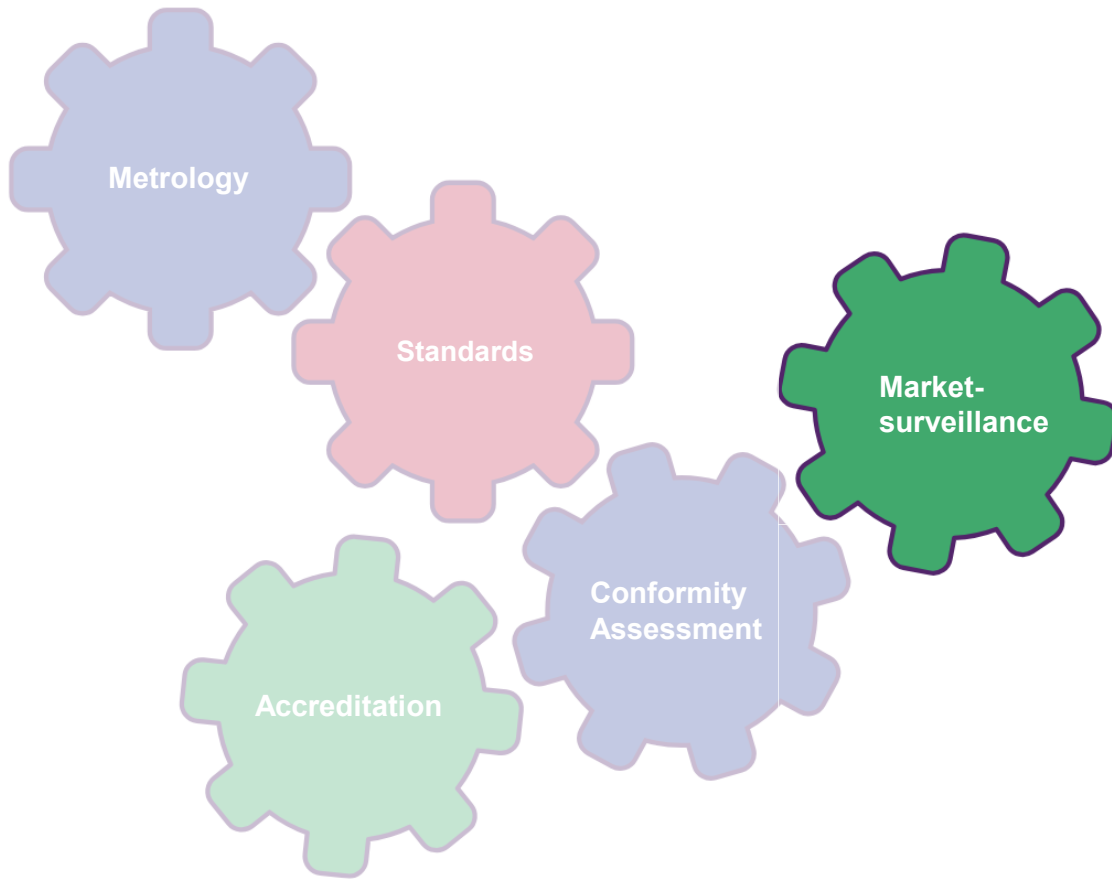

Transfer of finalised hEN to the COM

Future

- **OSD tool**
 - decreases editing times
 - number of definition
 - less administration
- **SMART Standards facilitate conformity assessment**

Some examples

What does Simplification mean **for Marketsurveillance?**

Acceleration +

Reaction to non-compliant products

Continuity (or improvement) of quality

Finding, assessing and removing

= Cost reduction

Less to none unfair competition

LOW-HANGING FRUIT

Do not Forget

Thank you for your attention
